ETHNIC MONITORING FORM

For the Annual Schools' Census Form, all maintained schools are required by the Department for Education (DfE) to collect information regarding ethnicity.

Information on pupils' ethnic origin has a vital role to play in ensuring that the quality and content of education is appropriate to all learners. Children learn best if the teaching they receive is related to and seeks to draw and build on what they already know. The school is better equipped to offer each child suitable education if the basic facts about her cultural identity – including ethnic origin, linguistic background and religion – are known.

The school is required to forward figures to the Local Authority. The LA will pass these figures to the DfE. No names or addresses of pupils will be disclosed. Information which could identify individual pupils will not be sent. This is in line with our Data Protection Policy available on the website along with Privacy Notices.
